**To Whom It May Concern:**

I am writing to highly recommend **Hung Sheau Ting** for any UI/UX or graphic design position. I had the pleasure of working with Sheau Ting at Malcan Technologies Sdn. Bhd. for close to 2 years, during which time she consistently demonstrated exceptional design skills, creativity, and a strong work ethic.

As a UI/UX Designer, Sheau Ting was responsible for creating intuitive, user-friendly designs that significantly enhanced the user experience of our products. Her ability to understand user needs and translate them into visually appealing and functional interfaces is truly impressive. She played a key role in the design of the EVIE app, a companion app for our range of e-bike products. She was instrumental in large parts of the product development lifecycle, from conception to product launching.

In addition to her UI/UX work, Sheau Ting also excelled as a Graphic Designer, producing high-quality visuals for our marketing campaigns, websites, and social media channels. Her designs were always on-brand, creative, and effective in conveying the desired message to our target audience.

What sets Sheau Ting apart is her attention to detail, ability to work collaboratively with cross-functional teams, and strong communication skills. She is not only a talented designer but also a proactive team player who is always willing to go the extra mile to ensure that projects are completed to the highest standard.

I have no doubt that Sheau Ting would be a valuable asset to any organization. She has my highest recommendation, and I am confident that she will continue to excel in her career as a UI/UX/Graphic Designer.
